FAST FACTS

challenging media propaganda

(we know who controls the media!)

- Is Syria in the midst of a civil war? **NO!**
  What we have instead is an attempt at a coup, orchestrated by the usual suspect: USRael
  (USRael = **US**, which is controlled by zionists + **Israel**)
- Is President Assad of Syria dropping weapons on his people? **NO!**
  USRael however has done so, and has supplied weapons to ISIS

If you think different, MSM has you duped. **Why?** So you'll support USRaeli wars.
Most of US citizen taxes go to the military already, which is why we have so much poverty and homelessness and why we *don't have* affordable healthcare & education.

USRael has had a plan to destabilize the middle East, going back **decades**.

Remember that Wesley Clark admitted this was told to him way back in **2001**
(Retired 4-star US Army general. Supreme Allied Commander of NATO during the Kosovo War):

Do your own investigation on the internet, the ONLY place you'll get the facts. But you need to know where to go, who you can trust - same as in life. This is my list of reliable, knowledgeable, uncompromised sources on the net:

You are politicians. As was Cynthia McKinney. They got rid of her for not agreeing to support Israel -- to the detriment not only of Americans but the planet-- and she's doing just fine, in fact much better. And she sleeps well. Imagine if others - en masse - were to do the same? (No more war, affordable healthcare and education, no more militarized police, no more treasonous fidelity to a foreign terrorist state, no more racist exceptionalism...)

Support BDS!

(I can't make you care, but I'll do what i can so you can't say "*I didn't know*." pdf file from whence the screen shot at right was taken-for download - as an American citizen, you can help combat MSM falsehoods. I am interested in what you do after this, knowing you know or should have known.)

Zionists are ubiquitous on the the net right now, mobilizing protestors from everywhere for the April 23rd Cambridge hearing on HP. including the zionist org "Safe Communities, No Place for Hate" - or whatever they call it, using a typical misnomer/bait-and-switch. (Please don't use the chaos they generate as an excuse to cancel the hearing; that's a typical goal they have in mind for this type of antic. Don't punish the unguilty.) ex: JRC Alert

Imperative truths

None of the following will you know if you get your learnin from MSM.

SYRIA

"The president of the United States of America has been reduced to a ventriloquist's dummy, pitifully reciting the Israeli cabinet line..." Tony Jud

It's NOT a civil war that is happening in Syria.
Syria has been on USRael's overthrow agenda for eons.

Assad is NOT dropping bombs or chemical (or any other) weapons on his people. If you believe so, you're getting your fake news from MSM. There's tons of honest reporting re Syria on the net. These are but a few examples.

Ron Paul: Assad Gassing His Own People is "Total Nonsense" at Truth in Media

MIT expert claims latest chemical weapons attack in Syria was staged
"...He concluded that the US government's report does not provide any "concrete" evidence that Assad was responsible, adding it was more likely that the attack was perpetrated by players on the ground...." (for *players on the ground* read *USRael's ISIS terrorists*)

U.S. Secretary of Defense now admits that there was actually no evidence in that case, or in any case that the Syrian government was the one that used sarin gas. And yet, that was the reason the U.S. gave for its the most recent airstrike.

Swiss lab says 'BZ toxin' used in Salisbury, not produced in Russia, was in US & UK service .

Everything you've been told about Syria is a lie - Superb investigative Canadian journalist Eva Bartlett:

Zionism and Israel

Zionism's stranglehold: a list of articles and videos

> for example: audio: Cynthia Mckinney - AIPAC is in total control of US Government & few Americans know anything about it **starting at 11.28: "What I experienced with AIPAC was sheer torture."**

"It [CIA media manipulation] hasn't stopped. Now we have an entire department in the Pentagon for **PERCEPTION MANAGEMENT**. That tells you that even tho they apologize and said they weren't going to do it anymore back in the 1970s when they got caught, they just moved it over to a different office and kept right on rolling." ~Cynthia McKinney

"I've never seen a President — I don't care who he is — stand up to them. It just boggles the mind. They always get what they want. The Israelis know what is going on all the time. I got to the point where I wasn't writing anything down. If the American people understood what a grip these people have got on our government, they would rise up in arms. Our citizens certainly don't have any idea what goes on."

– Admiral Thomas H. Moorer

"What i learned was that the operatives for the Israeli Lobby, they control women's organizations, environmental organizations - it really didn't matter what, peace organizations - every aspect of the political process is in some way or other controlled or influenced by people who are affiliated with the pro-Israel Lobby." ~Cynthia McKinney

> example 2: Shadowy Israeli App Turns Jewish Americans Into Foot Soldiers In Online War
> "An Israeli organization operating in the U.S. recruits Jewish teens and adults for a propaganda project led by former Israeli intelligence officers. It has close ties to Israel's intelligence services, its Ministry of Strategic Affairs, is funded by billionaires Sheldon Adelson and Paul Singer, and sometimes operates out of local Jewish community centers"

Israel will continue to treat injured Syria militants: Netanyahu (For '*militants*' read *ISIS, al Nusra, etc etc*)
